

Resources for Attendant Home Care

This is a partial list of resources for Home Care in San Mateo and Santa Clara Counties. Private agencies, senior centers, churches, friends, directories, phone book (yellow pages, Home Health agencies), employment offices and newspaper ads are additional resources for home help.

Private Home Care agencies may provide registered nurses, licensed vocational nurses, home health aides, homemakers, companions and live-in help. Most insurance companies will **only** cover intermittent, skilled nursing care. Attendant care (non-skilled) is typically paid for privately by the client.

When contacting an agency for help, inquire about their billing procedure, coverage of the attendant's taxes/insurance, and make certain to seek information regarding the minimum number of hours, cost, and liability/bonding..
